BAY SPECIAL ELECTION ON TUESDAY GIVES RESIDENTS THE 'POWER' TO KEEP \$90K PER YEAR IN CITY'S COFFERS, OFFICIALS SAY

BY GEOFF BELCHER
GENERAL MANAGER

Bay St. Louis city officials said last week that its citizens have the "power" to help continue to raise about \$90,000 a year for the city's coffers -- but only if they head to the polls next week and vote "yes" on the Mississippi Power franchise plan.

The Bay city council voted July 7 to approve a special election next Tuesday, Aug. 4, with only one item on the ballot -- "An ordinance

granting a non-exclusive electric franchise to Mississippi Power Company, its successors, and assigns, the municipality of Bay St. Louis, Mississippi."

People who go to the polls may either vote for or against the ordinance.

"The city is looking to extend the partnership it has maintained with Mississippi Power for more than 50 years by continuing the city's current franchise agreement," according to a statement issued last week by Mayor Mike

Favre and the Bay St. Louis City Council. "The franchise fee revenue received from Mississippi Power is used to maintain essential programs and services that our residents rely upon.

"This important revenue for our city cannot be obtained without you. A special city election is required for the agreement to remain in effect. We need your help to keep this constant revenue flowing into our city. Vote to continue our city's franchise agreement with Mississippi

Power.

State law requires that utilities pay cities two percent of residential and commercial revenues generated in our city."

However, under the franchise agreement, Mississippi Power pays three percent of revenues to the Bay, which city officials estimate to be about \$90,000 per year "that the city would have to find from other sources."

"For more than 50 years, Mississippi has been paying us three per-

cording to the statement. "These funds have been relied upon to provide essential programs and services within our city."

If voters cast their ballots against the franchise plan, officials said, "the revenue will decrease to

have to make up that difference in our annual budget."

With the vote, administrators said, the fund-

Reeves issues stricter social distancing guidelines in response to rising COVID-19 case numbers

Gov. Tate Reeves during Friday's press briefing.

BY CASSANDRA FAVRE
STAFF WRITER

Gov. Tate Reeves on Friday amended the "Safe Return" order and placed additional restrictions on social gatherings and events as

"COVID-19 cases rise across the state."

Reeves also placed additional social distancing measures (Executive Order No. 1512) for six more counties, identified as "hotspots," which includes a mask mandate when in public places.

Those six counties are: Calhoun, Holmes, Lamar, Montgomery, Winston, and Yalobusha Counties.

Reeves also issued Executive Order No. 1511, which pertains to social gatherings.

This order takes effect Saturday, July 25 at 8 a.m. and will remain in effect until Monday, Aug. 3.

"We are still in the middle of our most painful period of COVID-19 spread to date," Reeves said during Friday's press conference. "We have to slow the spread to prevent our health care system from becoming overwhelmed. We've seen a tremendous amount of spread in young people. By far, the group driving these

Last Thursday, friends and family of Ellen Colbert drove by Dunbar Village in Bay St. Louis to wish her a Happy 77th Birthday. Due to the current social distancing guidelines in place, friends and family are unable to visit the elders at Dunbar Village. During the past few months, staff members, family, and friends have hosted parades to celebrate milestones with the elders.

PRCC receives \$6.67 million for Hancock County workforce training facility

SEA COAST ECHO

Governor Tate Reeves recently announced the U.S. Department of the Treasury has approved a RESTORE Act grant award of \$6.67 million to Pearl River Community College to support workforce training in Hancock County.

The recently approved funds and other leveraged funds will be used for the construction of the Phil Bryant

Aviation and Aerospace Workforce Academy, which is strategically located adjacent to Stennis International Airport and Hancock High School. The grant is administered by the Mississippi Department of Environmental Quality (MDEQ).

"It is a historic day for Pearl River Community College, Hancock County and our surrounding communities," PRCC President Dr. Adam Breerwood

said. "We extend our sincere gratitude to our Local, State and Federal officials who have provided overwhelming support for this project. Pearl River Community College is committed

to expanding the reach of higher education and workforce development opportunities."

D'head Mayor in serious condition after scheduled surgery

SEA COAST ECHO

The city of Diamondhead on Monday announced that Mayor Tommy Schafer IV is in "serious condition" following a scheduled surgery.

According to the release, Schafer underwent a scheduled surgery on July 21.

"On Wednesday, Ca-

Mayor Tommy Schafer

mille Schafer, his wife, notified us that during the surgery there were some complications and that Tommy is in serious condition," Diamondhead City Manager Michael Reso said in the release. "She noted that this is a personal matter, and she requested everyone to respect the privacy of their family. Camille asked that everyone please keep Tom-

my in their prayers for his speedy recovery."

Reso said in the release that as the family provides more informa-

tion, the city will work to keep the community informed.

"There will be no further statement from city

hall until we receive information from the family," Reso said in the release.

Waveland mulls energy project; tables MS Power franchise again

BY CASSANDRA FAVRE
STAFF WRITER

Waveland's Board of Mayor and Aldermen on Wednesday returned to hosting virtual meetings.

Waveland Mayor Mike Smith said that the public will now be required to wear masks when entering city buildings.

Smith said that the virtual meetings will continue until "we can see some relief in the numbers from this COVID-19."

"With that being said, in the last two weeks, the amount, the numbers for Hancock County have risen approximately five-and-a-half people per day in the last weeks, which is very concern-

ing," Smith said. "We, as adults, have to take some responsibility and make sure that we mask up, that's the best thing we can do as a public, as a municipality is to mask up, because that is one thing that we know will stop this virus and prevent from getting somebody else sick."

In a separate matter, the board also discussed an energy project with PATH, LLC.

Earlier this year, PATH performed an energy audit, which meant the company looked at the city's utility bills, infrastructures, lighting, and HVAC equipment, PATH Vice President Rudy Watkins said.

The company determined the city's current energy spendings and

determined the best opportunities for the city to save money annually, he said.

PATH returned to the city with three energy projects.

The first option is a lighting project. The scope of work is LED conversions at five facilities; interior and exterior; and 25 percent architectural fixtures, 75 percent retrofits.

The second option is adding HVAC. The scope of work includes HVAC replace/re-design at the Civic Center on Coleman Avenue (Ground Zero Hurricane Museum); add smart thermostats controls at the civic center; and add

Female inmate found dead in Hancock jail cell

SEA COAST ECHO

A female inmate at the Hancock County Adult Detention Center was found dead in her cell on Saturday morning.

“There appears to be no suspicious circumstances,” according to a press release from the Hancock County Sheriff’s Office, but the Mississippi Bureau of Investigation was called in to investigate the death “out of an abundance of caution.”

Sheriff’s officers on Monday identified the woman as Lauren Lindsey Darnell, 33, of Ocean Springs.

Darnell was arrested last Tuesday in Hancock County on Jackson County warrants for probation violation

Lauren Lindsey Darnell

and contempt of court -- failure to appear, jail records show.

The cause of Darnell’s death was not immediately apparent. Officers sad an autopsy is scheduled Wednesday.

Darnell died four days after she was taken into custody on a probation violation out of Jackson County.

An autopsy is scheduled Wednesday to determine the cause and manner of death.

Waveland PD asks for help identifying subject

Photo courtesy of Waveland PD

The Waveland Police Department said in a social media statement it is seeking the public’s help to identify this “person of interest” in a felony shoplifting at Lowe’s in Waveland on July 22 and 23, who also allegedly “shoplifted several battery-powered lawn equipment and back pack blowers.” Anyone who can help identify the man is asked to contact Investigator Chad Dorn at 228-467-3669 or 216-0078. You can remain anonymous.

• PRCC Continued from Page 1

The new center will provide PRCC the necessary ability in Hancock County to deliver technical skills training to students to support existing industry workforce needs and to meet the requirements of future growth sectors such as the aviation and aerospace industry.

FACILITY DETAILS

The academy will be an estimated 25,000 square feet and will consist of eight classrooms, five labs, lobby with reception area, faculty and staff offices, break room/kitchenette for staff, indoor sitting/vending area for students and an outdoor courtyard sitting area.

The hangar will be an estimated 18,000 square feet and will consist of two classrooms with labs, open hangar area with hands-on lab stations, outdoor covered area for equipment training, lobby with reception area, faculty and staff offices, break room/kitchenette for staff, small vending area for students. The hangar will offer the following programs: Airframe & Propulsion Technology, Unmanned Aerial Systems and Precision Manufacturing.

Every classroom and lab will be designed to be multifunctional and

versatile to constantly profit the changing needs of the businesses and industries in this area. Programs listed are the core offerings to start, but they can be changed and added to at any time.

“We have been preparing and anxiously awaiting the final approval needed to begin construction,” Breerwood said. “Governor Reeves’ announcement puts us one step closer to providing a state of the art facility that will serve as an economic engine for the Gulf South Region.”

PROGRAM OFFERINGS

The academy will offer diverse educational opportunities with academic, career and technical and workforce programs.

Offerings include: Instrumentation, Industrial Electronics Technology, Practical Nursing, Welding & Cutting Technology, Computer Aided Design & Drafting, Business Management Technology, Academic Courses, Workforce Programs, Adult Education/GED.

The programs that will be new to the Hancock location upon its opening are Instrumentation, Airframe & Propulsion Technology, Industrial Electronics Technology, Precision Manufacturing, Computer Aided Design & Drafting and Business Management Technology.

The Aviation Maintenance Technology program is an instructional program that prepares individuals to inspect, repair, service, and overhaul aircraft engine components and systems. This program is designed to prepare the student for the Federal Aviation Administration exams for certification as an Aircraft Maintenance Technician. Industry standards referenced are from the Federal Aviation Regulations, Part 147, Aviation Maintenance Technician Schools (Airframes and Power Plants).

“An important component of an improved economy for the Gulf Coast is workforce training so residents can find better employment and opportunities. The anticipated need for a skilled workforce in the aviation and aerospace industry fits well with the existing facilities in the area and Pearl River Community College’s mission in Hancock County,” said Chris Wells, MDEQ Interim Executive Director.

The funds allocated are part of the RESTORE Act’s Direct Component or “Bucket 1.” In the RESTORE Act, 35 percent of the total funds are reserved for Bucket 1 projects and are divided equally among the five Gulf Coast states for ecological and economic restoration. Eligible activities include: restoration and protection of natural resources;

mitigation of damage to natural resources; workforce development and job creation; improvements to state parks; infrastructure projects, including ports; coastal flood protection; and promotion of tourism and Gulf seafood.

Shopping during a pandemic

I enjoy shopping, mostly for shoes, clothes, and purses. I haven't done any shopping of that kind -- well, except for some online purchases -- since the beginning of this pandemic.

Now grocery shopping is another story. Since I don't do the cooking in my household, I don't do the weekly shopping for food.

However, since my parents are still under lock and key during this pandemic, I shop for them and leave the items on their porch.

People are complaining about wearing masks to the store, but the mask is the least of my worries when I have to find the perfect cut of meat, unbruised fruit, and food that has a decent expiration date.

Since my dad's transplant, there are certain things he can and can't have and we have to be very careful when selecting food.

I also often have to wait in line at the deli at Walmart to pick up something for my parents.

Waiting in line is not something that bothers me.

However, last week, some people decided that the appropriate social distance provides ample space for cutting in line, especially when they see you there waiting.

But, in the grand scheme of things, cutting in line is the least of my worries. I'm just glad my mask was hiding my facial expression.

We never really do grow up, do we? We just get taller and get jobs. I had my suspicions about my theory, but this pandemic and the constant whining by some people, has only solidified my opinion that we never really do grow up.

But you know what's really awesome about the deli at Walmart? Quincy.

He works in the deli and is there every single Friday night, which is my designated shopping night.

So since I do get to wait in line, I get to observe Quincy in action.

He is full of energy and kindness. He thanks every single person for coming to the deli and apologizes for the sometimes long wait times.

He shouldn't have to apologize. On some days, he is the only person working the slicer and works as fast as he can. If people can't understand that, then they need to learn compassion and understanding.

Or they can get a job slicing meat and cheese and show everyone how it's done. Yes, that last bit is

Wicker Urges New Relief for Military Supply Businesses

WEAKENED DEFENSE SUPPLY CHAIN PUTS AMERICAN SECURITY AT RISK

This past week, senators returned to Capitol Hill to resume work on major legislative priorities. For the 60th consecutive year, the Senate passed the National Defense Authorization Act to set new spending levels for our military. This legislation would approve new military training and technology, a pay raise for our troops, and new ships to strengthen our naval fleet.

With this legislation passed, the Senate is turning its attention to another major need: coronavirus relief. It has been six months now since COVID-19 spread onto the world stage, and it is still taking a heavy toll on our economy and our daily

From the Senate
By Sen. Roger Wicker

lives. The Senate intends to build on the CARES Act passed in March to help American families, workers, and businesses recover from this crisis. As this legislation comes together, I am working to make sure our military supply chain is not left behind.

These workers and businesses are critical to our economic recovery and national security.

SUSTAINING A KEY SECTOR OF OUR ECONOMY

The military depends on thousands of businesses and manufacturers spread across America to keep our Armed Forces supplied. These firms work on tight production schedules and often operate on narrow profits.

The pandemic has brought severe disruption and uncertainty to our defense supply chain. Social distancing requirements have slowed the pace of production, and many workers have had to stay home to care for children not in school or for family members in

quarantine. With the virus continuing to spread, it is unclear when many of these employees will be able to return to their jobs. This uncertainty is weakening the manufacturing industry and could hurt our military's defense posture.

Congress has not yet approved funds to mitigate losses in this industry. If nothing is done, the military could have to divert \$11 billion from its core priorities to shore up defense manufacturing firms. This would weaken military readiness at a critical time and could hamper the progress we have made in rebuilding our Armed Forces.

Managing Ponds and Small Lakes (Part 2)

Farm ponds are a mainstay across the Mississippi landscape. Nearly all, except those in extremely productive parts of Mississippi need to be limed and fertilized. Most ponds require 2 to 3 tons per acre of lime. This treatment will usually last from 2 to 5 years, depending on the acidity of the soil.

Fertilizer, which stimulates growth of microscopic plants and animals, will cause the water to turn green or "bloom," in addition to discouraging growth of some problem aquatic weeds. Phosphorus is essential to increasing fish production; triple superphosphate (0-46-0), when applied at the correct rate, is the most economical. A simple soil test will determine the amount of fertilizer needed and if liming is needed.

Initial stocking for new ponds should include 500 bluegill per acre, 50 bass per acre

Conservation Corner

By James L. Cummins

and 50 channel catfish per acre. On new ponds, fishing should begin 2 years after stocking. Good fishing can be enjoyed for years to come if the fish population of the pond is managed. This means harvesting the correct number and species of fish. For the first and second year of fishing, bass should be released back into the pond. Most of the bream (bluegill and redear) that are caught should

be kept. A good rule of thumb is to keep a minimum of 10 pounds of bream for every pound of bass.

Most ponds are overfished for bass. When this occurs, bass cannot control bream and bream become overpopulated and stunted. This can reduce or even stop bass reproduction.

Often, the status of the pond's balance can be determined by fishing success. For example, when one catches a few large bass and many small bream, the bream are overpopulated. When one catches small bass and large bream, there is probably an overpopulation of bass. In many instances, increased fishing pressure on the overcrowded species will bring the pond back into balance.

Regarding crappie, these fish should not be placed in ponds that are less than 500 acres in size. It will just be a matter of time before they become overpopulated

and stunted.

Many people are concerned that the harvest of the surplus of fish due to an increase in structure will affect the reproductive potential of the pond. It will not and should result in increased growth and condition of fish and a positive response to the increased carrying capacity.

Now that you have all ingredients in the formula for fishing success—good location, design, construction, the proper stocking rate, and management—it is time to carry those kids or grandkids fishing and introduce them to something they will remember forever.

James L. Cummins is executive director of Wildlife Mississippi, a non-profit, conservation organization founded to conserve, restore, and enhance fish, wildlife, and plant resources throughout Mississippi. Their web site is www.wildlifemiss.org.

To prevent this outcome and keep the military strong, I am pushing Congress to provide new relief for our defense industrial base. This would save countless jobs across our country and state, and would allow the military to purchase new aircraft, ships, vehicles, and munitions that it needs.

CONTAINING CHINA IN THE PACIFIC

Maintaining our military edge is crucial at this moment given China’s growing influence and aggression. China has recently created manmade island bases in international waters, tripled the size of its Marine force, and deployed amphibious vessels ca-

pable of launching ground assaults. As a global power, China is likely to send its growing military wherever its interests are at stake, sowing tension in the world and increasing the likelihood of conflict. Even now, Beijing is wasting no time advancing its agenda while the world is distracted by the coronavirus. The Chinese Communist Party recently passed a law ending fundamental political freedoms in Hong Kong. It has continued the detestable human rights abuse of sending members of the Uighur minority group to concentration camps. And it recently conducted military exercises in waters near Vietnam. China is more and more an adversary of freedom, human rights, and the core principles that America stands for. Our military has an essential role to play in containing China’s reach, advancing our interests, and supporting our allies. I am committed to providing our Armed Forces with the resources they need to fulfill their mission.

heavy with sarcasm, but based in some truth. People want to complain about how others do their jobs, so go on big shot, show us how it’s done then. Yes, I’m talking to all the

armchair scientists, doctors, writers, etc. as well. But without this pandemic, I don’t think I would have ever met Quincy. And for that, I’m super glad. Seeing him is the best part of my Friday night shopping adventures. All I know about Quincy is how he treats his customers, but that tells me a lot about him.

His kindness goes a long way with me, especially during this time in our country when kindness to one another is much needed. Thank you Quincy for being a beacon of light during these dark times. It hasn’t gone unnoticed. Cassandra is staff writer at the Sea Coast Echo and can be reached at cassandra@seacoastecho.com.

MICHAEL "MICKEY" FAYARD, SR.
JOHN JOSEPH RICHARD
MERVIN ALLEN VICKNAIR, SR.

MICHAEL "MICKEY" FAYARD, SR.

Michael "Mickey" Fayard, Sr., 79 passed away Sunday, July 19, 2020. Mr. Fayard was a native of Bay St. Louis, MS. He worked as an Engine Room Mechanic Offshore, and he retired from Fansteel in Gulfport as a machinist. He was preceded in death by his son Michael Fayard Jr; parents, Edward Fayard and Marie Elizabeth Byais Fayard; two brothers, Anatole "Huey" Fayard, and Van Meter "Buddy" Fayard; four sisters, Geraldine (Clarence) Hebert, Barbara (Irvin) Kingston,

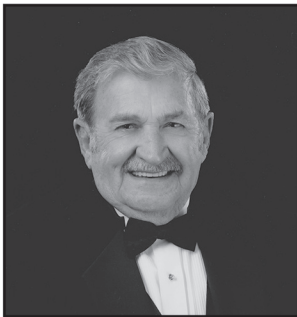

Molly (Lester) Covey, and Doris (Alvin) Kingston. Mr. Fayard's survivors include his wife of 57 years Florence Jeanette Santinelli Fayard; daughter, Charlotte Fayard Distefano (John); granddaughter, Erica Distefano Wheeler (Thomas Jr.); and his five great-grandchildren Ad-

dyson Holland, Sawyer Wheeler, Grayson Wheeler, Presley Wheeler and Thomas Wheeler III. The family would like to thank Ruleville Nursing and Rehab for his care. In Lieu of Flowers, memorial contributions can be made to Alzheimer's Association: 207 W Jackson St #1, Ridgeland, MS 39157 or the Parkinson's Foundation: 135 Parkinson Avenue Staten Island, NY 10305. Arrangements are incomplete at this time. Edmond Fahey Funeral Home is in charge of the arrangements.

JOHN JOSEPH RICHARD

John Joseph Richard CSM Retired entered into eternal rest on July 24, 2020 at the age of 82. He leaves behind many friends, loved ones, and family members who were touched during his life and will always cherish his memory. He was the beloved husband of Imelda Mary "Melinda" Richard by the second marriage and the late Joyce Lagasse Richard by the first marriage. A loving father to his children, Gwen Re-

ese, Jim J. Richard (Janet), Johnell A. Cresson (Robert), and Alexander I. Biro. He was grandfather to 6 grandchildren, great-grandfather to 15 great-grandchildren, and great-great-grandfather to 2 great-great-grandchildren. Brother of

Martha LeBlanc and brother-in-law of Rose Barako Richard. He is preceded in death by his son, Glen Richard, his parents, Arthur A. Richard Sr. and Maude Diagle Richard, and his brother, Arthur A. Richard. Mr. Richard was a Catholic, having close ties to St. Rose de Lima Church in Bay St Louis, MS. Command Sergeant Major Richard had an extensive career in the Louisiana National Guard retiring with 41

years of service. As an avid Carnival fan, Mr. Richard reigned as King of the Knights of Sparta in 2011, was a Duke in Knights of Babylon, Krewe of Iris, and Krewe of Nereids. He was a former member with the Krewe of Hermes and marched with the Corner Club. A private family service will be held at a later date. An online guestbook is available at www.LeitzEaganFuneralHome.com

MERVIN ALLEN VICKNAIR, SR.

Mervin Allen Vicknair, Sr., 96, of Bay St. Louis, MS passed away Wednesday, July 15, 2020 in Biloxi, MS. Mr. Vicknair served in the United States Air Force and retired as a Senior Master Sergeant. He was a proud WWII veteran and also was a member of the American Legion Post 139 Bay St. Louis. He will be sadly missed by family and friends.

He was preceded in death by his wife, Verma B. Vicknair; daughter, Linda Gayle Bannon; two brothers, Henry & Stanley Vicknair. Survived by his daughter, Laura Kay Leake (Charlie) of Ponchartroutoula, LA; two sons, Mervin Vicknair, Jr and Gary T Vicknair both of Covington, LA; sister, Shirley M. Hafer Heard of Metairie, LA; Grandson Troy Snavelly (Dana) of New Orleans, LA; Grand daughter Penny Harper (Larry) of Jack-

sonville, FL; Great grand daughters Heather Herold (Nate), and Hannah Snavelly both of Enterprise, AL; Great grandsons Larry 'Tres' Harper and Landyn Harper both of Jacksonville, FL and numerous other grandchildren and great grandchildren. A private Memorial Service with Military Honors was held Monday, June 27, 2020 Edmond Fahey Funeral Home in Bay St. Louis, MS was in charge of the arrangements.

Seeds of Doubt make their way into Hancock County

BY GEOFF BELCHER
GENERAL MANAGER

The mysterious, unsolicited mail order seeds that have been sent to homes in other states in the U.S. are now coming here, as well. "The seed packets sent from China are beginning to arrive on the Mississippi Gulf Coast," Katharine Ohman said this week. Ohman is the chairwoman of the Hancock County Chamber Beautification Committee, a board member of the Bay St. Louis Community Garden and a licensed landscaper. The seeds are sent in packaging that may make the person who received them believe there is jewelry or beads

inside, but they almost all contain plant seeds, she said. Ohman said she fears the seeds may be invasive species. "They are definitely trying to get people to plant these seeds," Ohman said. "Caution should absolutely be at the top of the list when you receive gifts from someone you don't know." Mississippi Commissioner of Agriculture Andy Gipson on Tuesday sent out a press release urging "anyone receiving packages of unsolicited seeds from China, or any foreign country, in recent days to immediately contact the Mississippi Department of Agriculture and Com-

merce's Bureau of Plant Industry by phoning 662-325-3390. Those receiving the seeds are instructed to hold onto the seeds and packaging, including the mailing label, until someone from MDAC's Bureau of Plant Industry contacts you with further instructions. Do not plant seeds from unknown origins." "Please don't plant the seeds," Gipson reiterated. "I don't want to scare people because there is no indication these seeds pose a danger to human health. But any foreign seeds can have a negative impact on our environment as a threat to plant and animal health, and to agriculture. Also, foreign seeds could carry fungi or pests which

could cause great destruction to our native ecosystem. So, I can't stress enough the importance of contacting our office regarding this matter. Your assistance will help us to prevent the unlawful entry of prohibited seeds into the country and protect against invasive pests and noxious weeds."

high numbers is people in their 20's. I've been talking for about a week about wanting to do something to curb the spread among young, drunk, care-less folks." The new social distancing measures outlined in the new Executive Order 1511, which are effective immediately, include: • Social gatherings are limited to 10 or less indoors and 20 or less outdoors.

• Bars can only sell alcohol to seated customers, and no alcohol can be sold at restaurants or bars after 11:00 PM until 7:00 AM. Previous social distancing measures, such as limiting to 50% capacity, updating floor plans to ensure 6 feet distance between groups, and limiting to 6 people per table, remain in effect. Reeves also issued Executive Order No. 1510, which extends the "suspension of work search requirements until Aug. 8 and other unemployment benefits listed in the executive order until Sept. 26." The amended safe return order is in effect until Monday, Aug. 3 at 8 a.m.

IT'S NOT WHAT YOU SAY, IT'S HOW YOU SAY IT!

By GARY ANDREWS

I saw a short video the other day that made a tremendous impact on me. It showed a man sitting on a sidewalk asking for donations. The man had a sign next to him that read “I am blind, please help.” Many people were walking by but only a few were dropping money into the can he had. People were reading the sign however they weren’t thinking about his handicap and the problems he was experiencing. It’s this way every day for most of us. We see people in need and don’t stop to think about their needs because we are so busy trying to satisfy our desires. We are so pre-occupied with what we are doing or where we are going that we don’t notice the ones around us, especially the ones that can use our help. Life is passing us by and we don’t even realize the joy we are missing by helping our brothers and sisters in need. All of us need to realize that at any time we can go from having what we need such as a job, food on the table, a roof over our head, and a family we can depend on to nothing at all. The ones of us that have what

we need should realize that not everyone around us are as well off as we are. Many people do not want others to know they are hurting but will give signs of need that we should be able to see and read. I know firsthand about having too much pride when I was in a time of need but thanks to Godly people around me they saw through my piety and offered much needed help. Then there are those who actually ask for help and we should hear their plea and be there for them. Jesus was the greatest example when He came to dealing with people. He met their needs and also gave Himself to die for all of our sins so that we may have eternal salvation. What more could anyone ever ask for. Jesus never missed a chance to help anyone and offers eternity to anyone that believes and has faith in Him. All of us need to read other people’s needs and see how we can help, just as Jesus did. The blind man who was sitting on the street could hear the people passing in

front of him however his sign was not attracting the attention he needed. One lady came by, stopped in front of him, picked up his sign turned it over and wrote new words. Her new sign read, “It’s a beautiful day and I can’t see it.” Her words attracted many more people because it was not stating what was wrong with him, simply stating that he could not enjoy what everyone around him was seeing. A lot more people understood his need because they could visualize what he didn’t have and gave generously to him. All of us need to pay more attention to those around us and help them in their time of need, especially those that need Jesus. All of us need to be extremely generous when it comes to our Christian witness. Prayer: Lord I pray that I can be like you and see the needs of those around me. Thank you for the ones that have helped me in the past. Thank you for your saving grace. Amen.

SUBSTITUTED TRUSTEE'S NOTICE OF SALE
WHEREAS, on June 17, 2005, Janet B. Aime, executed a deed of trust to ReconTrust Company, N.A., Trustee for the benefit of Mortgage Electronic Registration Systems, Inc., as Beneficiary, acting solely as Nominee for Countrywide Home Loans, Inc., its successors and assigns, which deed of trust is recorded in Deed of Trust Book 2005 at Page 11282 in the Office of the Chancery Clerk of the County of Hancock, State of Mississippi; and
WHEREAS, the aforesaid deed of trust was assigned to The Bank of New York Mellon, f/k/a The Bank of New York as Trustee for the Certificateholders of CWABS 2005-6 by instrument dated October 9, 2009, and recorded in the Office of the aforesaid Chancery Clerk in Book 2009 at Page 30424; and
WHEREAS, the aforesaid, The Bank of New York Mellon, f/k/a The Bank of New York as Trustee for Registered Holders of CWABS, Inc., Asset-Backed Certificates, Series 2005-6, the holder of said deed of trust and the note secured thereby, substituted Underwood Law Firm PLLC, as Trustee therein, as authorized by the terms thereof, by instrument dated March 5, 2020 and recorded in the Office of the aforesaid Chancery Clerk in Book 2020 at Page 5582; and
WHEREAS, default having been made in the terms and conditions of said deed of trust and the entire debt secured thereby, having been declared to be due and payable in accordance with the terms of said deed of trust, and the legal holder of said indebtedness, The Bank

of New York Mellon, f/k/a The Bank of New York as Trustee for Registered Holders of CWABS, Inc., Asset-Backed Certificates, Series 2005-6, having requested the undersigned Substituted Trustee to execute the trust and sell said land and property in accordance with the terms of said deed of trust for the purpose of raising the sums due thereunder, together with attorney's fees, Substituted Trustee's fees and expense of sale;
NOW, THEREFORE, WE, Underwood Law Firm PLLC, Substituted Trustee in said deed of trust, will on the 4th day of August, 2020, offer for sale at public outcry for cash to the highest bidder, and sell within legal hours (being between the hours of 11:00 A.M. and 4:00 P.M.) at the Main front door of the County Courthouse at Bay St. Louis, County of Hancock, State of Mississippi, the following described property situated in the County of Hancock, State of Mississippi, to-wit: All that certain parcel of land situated in Hancock County, State of Mississippi, being known and designated as follows:
Lots 9 thru 12, 31-37 and the West 12.5 feet of Lot 13, Block 14, of the Bay St. Louis Land and Improvement Company's Subdivision of part of the Bay St. Louis Land and Improvement Company's First Addition to the City of Bay St. Louis and Waveland, Mississippi, as per the official plat of said subdivision on file in the Office of the Clerk of the Chancery Court of Hancock County, Mississippi.
Tax ID: 137P-2-35-043-000
WE WILL CONVEY only such title as is vested in Underwood Law Firm PLLC as Substituted Trustee.
WITNESS OUR SIGNATURE, this the 6th day of July, 2020.

STATE OF MISSISSIPPI
COUNTY OF HANCOCK
NOTICE OF TRUSTEE'S SALE
WHEREAS, on January 29, 2020, Rodney Ladner and Norman Ladner, Grantors, executed a Deed of Trust to Ben H. Harris, III, Trustee for the benefit of Edgefield Holdings, LLC, which Deed of Trust was filed for record on January 31, 2020, at Book 2020, Page 2263 in the records of the Chancery Clerk of Hancock County, Mississippi; and
WHEREAS, default was made and now exists in the payment of the indebtedness secured by the Deed of Trust; and
WHEREAS, Edgefield Holdings, LLC, as owner and holder of said Deed of Trust and the indebtedness secured thereby has exercised the option contained in said Deed of Trust and declared the entire indebtedness secured thereby immediately due and payable, and have called upon the undersigned Trustee to execute the trust therein contained, and requested that the undersigned Trustee sell said property under the provisions of the Deed of Trust for the purpose of satisfying the debt thereby secured and unpaid, together with attorney's fees and the expenses for the execution of this trust and of the selling of said property; and
NOW, THEREFORE, I, the undersigned Trustee, Ben H. Harris, III, do hereby give notice that on the 14th day of August, 2020, during the legal hours between 11:00 A.M. and 4:00 P.M., I will proceed to sell at public auction, at public outcry, to the highest bidder for cash at the main front steps of the Hancock County Courthouse, located at 152 Main Street, Bay St. Louis, MS 39520 the following described property with all improvements located thereon, now owned by Rodney Ladner and/or Norman Ladner, and situated in Hancock County, Mississippi, and more particularly described as follows, to-wit:
Parcel one-tax parcel ID 058-0-27-005.004 Beginning at the NE Corner of the Section 1/2 of the SW 1/4 of the NE 1/4 of Section 27, Township 6 South, Range 14 West, thence running South 66 feet to a stake; thence running West to the Center line of a creek; thence running in a Northeasterly direction along the meanderings of the center line of said creek to the North line of the South Half of SW 1/4 of NE 1/4; thence running East 250 feet, more or less, to the place of beginning, containing .37 of an acre, more or less, and being part of the South Half of SW 1/4 of NE 1/4, of Section 27, Township 6 South, Range 14 West, Hancock County, Mississippi.
Together with all improvements situated thereon and all appurtenances thereunto belonging.
Parcel two-tax parcel ID 072-0-03-030.001

That portion of the West Half of the SE 1/4 of Section 3, Township 7 South, Range 15 West lying East of Cuevas Town Road and South of Highway 43, Hancock County, Mississippi, containing 36.56 acres more or less.
Together with all improvements situated thereon and all appurtenances thereunto belonging.
Parcel three-tax parcel 058-0-27-003.008 Lot 9, ROCKY HILL ACRES SUBDIVISION, Hancock County, Mississippi, as per the official plat of said subdivision on file in the office of the Clerk of the Chancery Court of Hancock County, Mississippi.
Together with all improvements situated thereon and all appurtenances thereunto belonging.
Parcel four-tax parcel ID 058-0-28-012.001 The South Half of the NW 1/4 of the SE 1/4 of Section 28, Township 6 South, Range 14 West, Hancock County Mississippi. And the South Half of the SW 1/4 of Section 28, Township 6 South, Range 14 West, Hancock County, Mississippi.
Together with all improvements situated thereon and all appurtenances thereunto belonging.
Parcel five-tax parcel ID 058-0-27-004.000 Beginning at the SE corner of the SW 1/4 of the NE 1/4 of Section 27, Township 6, Range 14 West; thence North 660 feet; thence West 250 feet to the center line of a creek; thence following the meanderings of the center line of said creek in a Southwesterly direction of 700 feet, more or less, to the South line of said SE 1/4 of the NE 1/4; thence East 400 feet to the of the beginning, containing 4 acres, more or less, and lying and being situated in the SW 1/4 of the NE 1/4 of Section 27, Township 6, Range 14 West, Hancock County, Mississippi.
Together with all improvements situated thereon and all appurtenances thereunto belonging.

NOTICE OF PUBLIC HEARING
PLANNING AND ZONING COMMISSION
DIAMONDHEAD, MS
Mr. Glenn E. Chaffie has filed an application requesting a variance from the Zoning Ordinance (Article 4.6.5 E ii) to construct a roof over a patio within 9.7' of the rear property line.
The property address is 7321 Analii Street.
The tax parcel number is 068R-3-41-059.000.
The legal description is Diamondhead Subdivision Phase #2, Unit 10, Block 6, Lot 1. The property is located in a R-2 zoning district. The rear yard setback is 20'.
In accordance with the Comprehensive Zoning Ordinance Article 2.6.4, the Planning Commission may recommend to the Mayor and City Council a variance be granted as the variance was applied for in a modified form or subject to conditions or the application may be denied. A variance may be revocable, may be granted for a limited time period, or may be granted subject to conditions as the Planning Commission or Mayor and City Council may prescribe. The Planning and Zoning Commission will consider this application at its next regularly scheduled meeting on Tuesday, AUGUST 25, 2020 at 6:00 p.m. The public hearing will be held at Diamondhead City Hall in the Council Chambers at 5000 Diamondhead Circle in Diamondhead, MS 39525. Interested members of the public are invited to attend. If you have any questions or comments or would like to review the application, you may contact the Building Department at the above address and/or at 228-222-4626.
07/22/20, 07/29/20

REQUEST FOR STATEMENT OF QUALIFICATIONS
City of Bay St Louis (CBSL) will be accepting qualification statements from qualified companies approved by the Mississippi Development Authority (MDA) to operate as Energy Services Companies (ESCOs). CBSL is looking for a company capable of providing a comprehensive energy management program, including but limited to solar power, water management, LED lighting and/or HVAC improvements for its city buildings and city owned facilities pursuant to Mississippi laws.
Criteria for selection will be based upon: Qualifications and experience, Technical Approach, Financial Approach, and References.
After review of the qualifications, CBSL may, at its sole option, elect to reject all proposals or elect to pursue the project further; CBSL will select the highest ranked proposer to negotiate a contract. In the event CBSL decides to pursue the project further, CBSL will select the highest ranked proposer to negotiate a contract. In the event a contract cannot be negotiated with the highest ranked proposer, negotiations may continue in order of ranking.
The Request for Qualifications package can be obtained by contacting CBSL at 688 Hwy 90, Bay St. Louis, MS 39520, (228) 466-5468. Companies interested in being considered shall submit one (1) original and six (6) bound copies of their statement of qualifications in a sealed envelope or box marked "REQUEST FOR QUALIFICATION FOR EFFICIENCY SERVICES PROGRAMS FOR CITY OF BAY ST LOUIS" on or before 2:00 PM on August 11, 2020. City of Bay St. Louis mailing address is: P.O. Box 2550, Bay St. Louis, MS 39521-2550.

CAUSE NO.: 23CHI-20-cv-355-JP
GARY EVANS, PETITIONER
SUMMONS
TO: the known and unknown Heirs-at-Law of DELLA MAE EVANS, Deceased:
You have been made parties respondent in the above cause, filed in the Court by Gary Evans, seeking to establish the heirs-at-law of said Della Mae Evans, deceased.
You are summoned to appear and defend against the Petition filed herein at 9:00 o'clock a.m. on the 2nd day of September, 2020, in the Chancery Court of Hancock County, Gulfport, Mississippi, and in case of your failure to appear and defend a judgment will be entered against you for the money or other things demanded in the Petition.
You are not required to file an answer or other pleading but may do so if you desire. ISSUED under my hand and seal of Court, this 17th day of July, 2020.

NATIONAL OCEANS APPLICATIONS RESEARCH CENTER (NOARC)
ADVERTISEMENT - REQUEST FOR QUALIFICATIONS PROFESSIONAL ENGINEERING SERVICES
Sealed Statements of Qualifications will be received by the National Oceans Applications Research Center at 7250 Stennis Airport Drive, Suite 206, Kiln, MS 39556 until 4:00 p.m., August 21, 2020, for Professional Engineering Services, as described below:
Engineering services for providing geodetic control. Geodetic control is the foundation for NOARC geospatial applications research focused in maritime and terrestrial domains. Geodetic control is required for examining mapping accuracies of a variety of experimental instrumentation deployed on unmanned environmental monitoring systems. This work will be conducted in Hancock, Harrison, and Jackson counties, Mississippi and in Mississippi Sound. The selected engineer shall complete engineering services in accordance with applicable State and Federal laws, regulations, and procedures. Engineer will serve as the Owner's professional engineering representative for the Project and will provide professional engineering consultation and advice. The work is relative to a Sub-Award Agreement with the Mississippi Department of En-

vironmental Quality for planning assistance associated with the RESTORE ACT.
Please send request for Information Packet to: ghouchin@noarc.org.
Engineering firms/individuals should submit a list of their qualifications, experience, and capacity for performance. Firms/Individuals must submit the name of the primary contact person and the person within the firm (if applicable) who shall be the Owner's contact and party primarily responsible for rendering services, if selected.
Additional information regarding the scope of work for this solicitation may also be examined at the following locations:
A. Mississippi Procurement Technical Assistance Program (MPTAP)
Mississippi Development Authority, Minority & Small Business Development Woolfolk Building
501 North West Street Suite B 01
Jackson, MS 39201
B. South MS Contract Procurement Center
1636 Poppo Ferry Road, Suite 203 Biloxi, MS 39532
Phone (228)396-1288
Any contract awarded under this solicitation may be paid for in whole or in part with grant funding from the Department of the Treasury and the Mississippi Department of Environmental Quality under the Resources and Ecosystems Sustainability, Tourist Opportunities, and Revived Economies of the Gulf Coast States Act of 2012 (RESTORE Act). Any contract resulting from this solicitation will be subject to the terms and conditions of said funding award, the RESTORE Act Financial Assistance Standard Terms and Conditions and Program-Specific Terms and Conditions, the Standard Sub-Award Terms and Conditions, the RETORE Act, 33 U.S.C. 1321(i), Treasury Regulations 31 C.F.R. § 34 et seq., including 31 C.F.R. § 34, Subpart D, all applicable terms and conditions in 2 C.F.R. Part 200 (including Appendix II to Part 200), and all other OMB circulars, executive orders or other federal laws or regulations, as applicable. The Mississippi Department of Environmental Quality, the United States, et al, es, or any of its departments, agencies or employees is not and will not be a party to this solicitation or any resulting contract. Minority and women's business enterprises are solicited to submit a statement of qualifications and are encouraged to make inquiries regarding potential subcontracting opportunities. When subcontracting, all potential contractors must make positive efforts to use small and minority owned business and women business enterprises. See 2 C.F.R. § 200.321.
If you have any questions concerning the Request for Qualifications, please call NOARC office at (601) 569-6029.

Notice and Public Explanation of a Proposed Activity in the 100-Year Floodplain

To: All Interested Agencies, Groups, and Individuals

SUBJECT: Notice of intent to take action within the 100-year floodplain

This document gives notice that the Hancock County Port and Harbor Commission is proposing to conduct activities within the 100-year floodplain, as identified on Flood Insurance Rate Maps (FIRMs) for Hancock County, to facilitate the Port Bienville Industrial Park (PBIP) Trans-Loading Terminal Facility Project. The purpose of the proposed activity is to provide construction of a rail line extension, dock installation, and other associated amenities for PBIP.

The project site is located at PBIP in Pearlington, Hancock County, Mississippi. It is located approximately 1.34 miles south-southeast of Chef Menteur Highway (U.S. Highway 90), north of Port and Harbor Drive and west of Road G. The Port Bienville Industrial Canal is adjacent to the north of the project site.

The Hancock County Port and Harbor Commission is requesting the use of U.S. Department of the Treasury Resources and Ecosystems Sustainability, Tourist Opportunities, and Revived Economies (RESTORE) Act entitlement funding for the referenced project. In deciding whether to fund the proposed project, U.S. Department of the Treasury is obligated to follow requirements set forth by Section 2(a)(4) of Executive Order 11988 for Floodplain Management.

This Notice of Proposed Intent is being provided in fulfillment of the aforementioned Executive Order. The Hancock County Port and Harbor Commission has conducted an evaluation as required by Executive Order 11988 to determine the potential effect that its activity in the floodplain will have on the environment.

The proposed activity is intended to occur in Pearlington, Hancock County, Mississippi, within the 100-year floodplain as determined from Flood Insurance Rate Map (FIRM) Community Panels 28045C0402D and 28045C0406D (dated October 16, 2009). Activities at that area would have minimal impacts on the floodplain beyond those that currently exist.

In response to the requirement for evaluating alternatives to building/mitigating projects in the floodplain (24 CFR 58.40(e), Ref. 40 CFR 1508.9), the alternatives considered included relocating the proposed activity to an alternate site and no action.

Alternate Site Alternative

Alternative site locations were not practicable because the objective of the project is to provide a rail line extension, dock installation, and other associated amenities for PBIP, which would be constructed at PBIP on land owned by the Hancock County Port and Harbor Commission. PBIP is an industrial port and product facility in Pearlington, Mississippi and serves as an import/export for various industrial products.

Approximately 32% of the total area of Kiln is located within the 100-year floodplain, and all the waterfront areas are in the 100-year floodplain. Adjacent appropriate sites are currently undeveloped and would have a larger impact to the floodplain and other natural resources. Therefore, the alternate site alternative was rejected.

No Action Alternative

The adoption of the No Action alternative is a decision not to provide a rail line extension, dock installation, and other associated amenities for the referenced project, thereby languishing the growing need for industrial production and export within PBIP and

Hancock County.

Proposed Action Alternative

The objective of the project is to provide construction of a rail line extension, dock installation, and other associated amenities for the PBIP Trans-Loading Terminal Facility Completion Project, which would be constructed at PBIP on land owned by the Hancock County Port and Harbor Commission.

This notice is being submitted to the Mississippi Emergency Management Agency, Federal Emergency Management Agency, US Army Corps of Engineers, US Environmental Protection Agency and Mississippi Department of Environmental Quality.

Members of the public are invited to submit comments on the proposed activity. Additional information on the proposed activity is available to the public between the hours of 8:00 am and 5:00 pm, Monday through Friday at the following location:

Bill Cork

Hancock County Port and Harbor Commission

14054 Fred & Al Key Road

Kiln, MS 39556

bcork@hpcpe.ms

Any individual, group, or agency may submit written comments for consideration by the Hancock County Port and Harbor Commission at the above address by August 13, 2020. All comments will be considered prior to funding the proposed activity.

Jacqueline and Reggie Childs, owners of the property commonly known as 314 Necaise Street; Legal Description; Lots 8 & 9, Block 5, Lena Combels Subdivision. City of Waveland, Hancock County, Mississippi, are requesting a Conditional Use as provided for in Section 302.16 and Section 906.3 of the current Zoning Ordinance. An accessory structure over five-hundred (500) square feet is considered a Conditional Use in R-1 Single Family Zoning District. The purpose of the request is to allow the applicants to construction an accessory structure of a Six-hundred and Twenty-five (625) square feet. The accessory structure will be Custom Garden Shed.

Dan Summitt, current owner of the property commonly known as 509 St. Anthony Street, legal description; Lots 3 & 4, Block 2, Audrey Place subdivision is requesting a variance from the Lot Area to bring the parcel into compliance and allow construction of a single-family residence. The parcel requires a variance from the overall lot area requirement for Single Family Residential (R1) of 12,000 square feet per Section 701.1 - Minimum Lot Area. The proposed parcel would have an area of 8,750 square feet. The variance request would be 3,250 square feet for the parcel.

INTERESTED PARTIES MAY AND HAVE

AN OPPORTUNITY TO BE HEARD.

For additional information, phone (228) 202-5772, between the hours of 8:00 a.m. and 4:00 p.m., Monday through Friday.

07/29/20

NOTICE OF FINDING OF NO SIGNIFICANT IMPACT AND

NOTICE OF INTENT TO REQUEST RELEASE OF FUNDS

Name of Responsible Entity (RE): Renaissance Community Loan Fund (RCLF)

Address: 8917 Lorraine Road

Gulfport, MS 39503

Contact: Kimberly LaRosa, President & CEO, 228-896-3386

On or after August 14, 2020, Renaissance Community Loan Fund will submit a request to the Mississippi Home Corporation for the release of HOME Investment Partnership funds under Title II of the Cranston-Gonzalez National Affordable Housing Act of 1990, as amended, funds under Title I of the Housing and Community Development Act of 1974, as amended, to undertake the following project:

Project Title: Homefront

Purpose: To provide safe, affordable housing for Veterans and vulnerable residents of Hancock County.

Location: 887 Washington Street, Bay St. Louis, MS 39520

Estimated Cost: \$3.9 million

The activities proposed comprise a project for which a Finding of No Significant Impact on the environment was published on August 2018. An Environmental Review Record (ERR) that documents the environmental determinations for this project is on file at Renaissance Community Loan Fund, 8917 Lorraine Road, Gulfport, MS 39503, 228-896-3386 and may be examined or copied weekdays 8:30 A.M to 4:30P.M*. (*Please call for an appointment as access to the office has been adjusted due to recent events).

FINDING OF NO SIGNIFICANT IMPACT

Renaissance Community Loan Fund has determined that the project will have no significant impact on the human environment. Therefore, an Environmental Impact Statement under the National Environmental Policy Act of 1969 (NEPA) is not required. Additional project information is contained in the Environmental Review Record (ERR) on file at Renaissance Community Loan Fund, 8917 Lorraine Road, Gulfport, MS 39503, 228-896-3386 and may be examined or copied weekdays 8:30 A.M to 4:30P.M.* (*Please call for an appointment as public access to the office has been adjusted due to recent events).

PUBLIC COMMENTS

Any individual, group, or agency may submit written comments on the ERR to Renaissance Community Loan Fund at 8917 Lorraine Road, Gulfport, MS 39503. All comments received by August 13, 2020, will be considered by Renaissance Community Loan Fund prior to submission of a request for release of funds.

RELEASE OF FUNDS

Renaissance Community Loan Fund certifies to Mississippi Home Corporation that Kimberly LaRosa in her capacity as President & CEO consents to accept the jurisdiction of the Federal Courts if an action is brought to enforce responsibilities in relation to the environmental review process and that these responsibilities have been satisfied. The Mississippi Home Corporation's approval of the certification satisfies its responsibilities under NEPA and related laws and authorities and allows the Renaissance Community Loan Fund to use HUD program funds.

OBJECTIONS TO RELEASE OF FUNDS

The Mississippi Home Corporation will accept objections to its release of fund and the Renaissance Community Loan Fund's certification for a period of fifteen days following the anticipated submission date or its actual receipt of the request (whichever is later) only if they are one of the following bases: (a) the certification was not executed by the Certifying Officer of the Renaissance Community Loan Fund; (b) Renaissance Community Loan Fund has omitted a step or failed to make a decision or finding required by HUD regulations at 24 CFR part 58; (c) the grant recipient or other participants in the development process have committed funds, incurred costs or undertaken activities not authorized by 24 CFR Part 58 before approval of a release of funds by Mississippi Home Corporation; or (d) another Federal agency acting pursuant to 40 CFR Part 1504 has submitted a written finding that the project is unsatisfactory from the standpoint of environmental quality. Objections must be prepared and submitted in accordance with the required procedures (24 CFR Part 58, Sec. 58.76) and shall be addressed to Attention: Shirley Thompson at Mississippi Home Corporation, 735 Riverside Drive, Jackson, Mississippi 39202. Potential objectors should contact The Mississippi Home Corporation to verify the actual last day of the objection period.

Kimberly LaRosa, President & CEO

BE IT ORDAINED by the Governing Authority of the Municipality of Bay St. Louis, Mississippi:

SECTION 1. In consideration of the benefits that will accrue to the Municipality of Bay St. Louis, Mississippi, and the Inhabitants thereof (the "Municipality"), and of the payment by Mississippi Power Company (the "Grantee") to the Municipality of a sum of money equal to three percent (3%) per year of the total gross revenue of the Grantee from the retail sales of electric energy, excepting therefrom sales for resale and sales in interchange of energy with others, within the corporate limits of the Municipality, payable quarterly on or before thirty (30) days following the close of each calendar quarter during such period as the Grantee operates in said Municipality, but not to exceed twenty-five (25) years from the Effective Date of this Ordinance (as defined in Section 16), Municipality does hereby grant to and vest in the Grantee, its successors and assigns as franchised activities, the right, authority, easement, privilege, and franchise to construct, erect, suspend, install, renew, repair, maintain, operate, and conduct in the Municipality as it now exists or may hereafter be extended, equipment, facilities, lines, including communication lines, plant or plants, and system or systems for the generation, transmission, or distribution of electric energy ("Primary Use"), including, without limitation, broadband services, internet access and services, telecommunications services, and fiber optic communication services that are for or in support of the Primary Use (collectively, "Franchised Activities"). The use of Authorized Facilities (as defined below) for any other purposes whatsoever, including without limitation, broadband services, internet access and services, telecommunications services, and fiber optic communication services that are not for or in support of the Primary Use and/or for or to any person or entity other than the Grantee, regardless of whether for compensation ("Ancillary Use") shall be excluded from the franchise granted by this Ordinance and the calculation and payment of such fees shall be governed solely by separate franchises, agreements, or ordinances of the Municipality applicable to such Ancillary Use, if any. It shall be the obligation of the Grantee and the person or entity providing such services associated with Ancillary Use to or for any person or entity other than the Grantee, regardless of whether for compensation, to notify the Municipality of any such Ancillary Use and to obtain a franchise, agreement, or ordinance in connection with such Ancillary Use. Notwithstanding anything contained herein to the contrary, the use of any facilities constructed, maintained, and operated for or in support of the Primary Use shall not be governed by any other franchise agreement or ordinance.

SECTION 2. To facilitate the Franchised Activities, Municipality does hereby give and grant to, and vest in, Grantee, its successors and assigns, the further right, authority, easement, privilege, and franchise to construct, erect, suspend, install, renew, repair, maintain, operate and conduct in the Municipality for such Franchised Activities a system(s) of poles, towers, conduits, cables, fiber, wires, conductors, transforming stations, plants, fittings, and all appliances or appurtenances needed to pursue, promote, and carry out the Primary Use (such system and its components collectively referred to herein as, "Authorized Facilities") in, over, under, along, upon, and across all streets, avenues, alleys, ways, bridges, and public places in the Municipality as they now exist or may hereafter be laid out or extended, together with the further right, privilege, and franchise to construct, erect, suspend, install, renew, repair, maintain, and operate such Authorized Facilities within, into, through, over, under, across, and beyond the Municipality and furnishing, supplying, and distributing to the Municipality and to the inhabitants, corporations and other entities (public or private) (collectively with the Municipality, "Inhabitants"), both within and beyond the limits thereof, electric energy for lighting, heating, power, security and surveillance, and all other purposes for which electric energy and related facilities may be used now or hereafter, and for the purpose of extending its lines and furnishing electric energy beyond the limits of the Municipality. Municipality further agrees, for itself and its Inhabitants, in consideration for the Supplemental Fees paid by the Grantee, that it will not compete in any manner with Grantee for the generation, including self-generation or self-supply, transmission, distribution, or sale of electric energy, including but not limited to any attempt, directly or indirectly, to acquire such a system, as such terms are defined in Title 21, Chapter 27, Section 11 of the Mississippi Code of 1972, as amended. Notwithstanding anything contained herein to the contrary, Grantee's Franchised Activities shall not include any work or project that does not support the Primary Use; should Grantee desire to construct, maintain, or operate any equipment or facilities that are not Authorized Facilities to support the Primary Use, Grantee agrees to obtain a separate franchise agreement under any applicable ordinance governing franchises for such facilities and such contemplated activities, and to comply with any governing or applicable ordinance with respect to the construction, location, and use of such facilities, infrastructure, and activities, including the payment of any fees by Grantee to Municipality associated with such franchise.

SECTION 3. In further consideration for the fees paid by Grantee to Municipality hereunder, the rights provided to Grantee herein shall specifically include the right for Grantee to install, at its election and costs, electric vehicle charging stations ("EV Chargers") in locations designated or approved in advance by the Municipality in writing and permitted by law to accommodate such uses. All EV Chargers installed in such designated or approved locations shall, unless set out otherwise in a separate agreement, constitute Authorized Facilities and shall be maintained by Grantee in a reasonably good condition and repair. All such usage shall be metered and billed by Grantee to users of the EV Chargers at rates set by Grantee, unless such rates are otherwise subject to the jurisdiction of the Mississippi Public Service Commission, its successor, or any other authority with jurisdiction over Grantee's rates for electric energy sales ("Regulatory Authority"). In addition, Municipality shall have the right, at its election and cost, to require Grantee to install EV Chargers at locations of Municipality's choosing within the Municipality, the usage of which shall be metered and billed to the Municipality.

SECTION 4. The Authorized Facilities shall be so installed or constructed as not unreasonably to interfere with the proper use of the streets, avenues, alleys, ways, bridges, and public places in the Municipality and shall be maintained all in a reasonably good condition and repair.

SECTION 5. Whenever the Grantee shall cause any opening or alteration to be made in any of the streets, avenues, alleys, ways, bridges, or public places of the Municipality for the purpose of installing, maintaining, operating, or repairing any Authorized Facilities, the work shall be completed within a reasonable time; and the Grantee shall, upon the completion of such work, restore such portion of the streets, avenues, alleys, ways, bridges, or other public places to as

good a condition as it was before the opening or alteration was so made.

SECTION 6. The Grantee shall indemnify and hold the Municipality harmless from any and all liability or damages resulting from the negligence of the Grantee in the construction, maintenance, or operation of its Authorized Facilities.

SECTION 7. The Grantee may, from time to time, declare, make, and enforce reasonable rules and regulations as conditions for the sale and distribution by it of electric energy to any person, firm, or corporation, not, however, in conflict with or repugnant to the jurisdiction of the Mississippi Public Service Commission under the provisions of Title 77, Chapter 3, Mississippi Code of 1972, as amended.

SECTION 8. In the event the supply of electric energy shall be interrupted or fail by reason of accident or otherwise, beyond the Control of the Grantee, the Grantee shall restore the service within a reasonable time and such interruption shall not constitute a breach of this franchise, nor shall the Grantee be liable for damage by reason of such interruption or failure.

SECTION 9. Wherever in this Ordinance either the Municipality or the Grantee is named or referred to, it shall be deemed to include the respective successors or assigns of either, and all rights, privileges, and obligations herein conferred shall bind and inure to the benefit of such successors or assigns of the Municipality or of the Grantee. Further, if during the term of this franchise, the boundaries of the Municipality are expanded, the Municipality will promptly notify Grantee in writing of any geographic areas annexed by the Municipality ("Annexation Notice"). Any such Annexation Notice shall be sent to Grantee by certified mail, return receipt requested, and shall contain the effective date of the annexation, maps showing the annexed area and such other information as may be reasonably required to ascertain whether Grantee serves any customers in the annexed area. To the extent there are such customers of Grantee situated in the annexed area, then the revenues provided for in Section 1 of this Ordinance shall be calculated to include those customers effective on the first day of Grantee's billing cycle immediately following Grantee's receipt of the Annexation Notice. Failure by the Municipality to advise Grantee in writing through the proper Annexation Notice of any geographic areas which are annexed by the Municipality shall relieve Grantee from any obligation to remit any franchise fees to Municipality based upon gross revenues derived from customers within the annexed area until Municipality delivers an Annexation Notice in accordance with the terms set forth herein.

SECTION 10. This franchise is in addition to and supplemental to any and all such rights as the Grantee may have by virtue of the provisions of Title 77, Chapter 3, of the Mississippi Code of 1972, as amended, and any other section of the Mississippi Code of 1972, as amended, as the same may be legally binding or applicable to the Municipality or this franchise Ordinance, and its acceptance and exercise by the Grantee shall never be construed as a waiver, abandonment, nor limitation upon the rights now vested in or being exercised by the Grantee under any statute or law of the State of Mississippi. Nor shall the granting of this franchise be construed or operate to abridge, impair, or deny the validly held rights of any other distributor of electric energy within the Municipality, or portion thereof, by virtue either of a franchise from the Municipality or a certificate of public convenience and necessity issued pursuant to Title 77, Chapter 3, Mississippi Code of 1972, as amended.

SECTION 11. The rights hereby granted shall become effective upon the passage of this Ordinance in accordance with Section 16 hereof and continue for a period of twenty-five (25) years from the Effective Date, unless terminated sooner as provided for in Section 15.

SECTION 12. If any clause, provision or section of this Ordinance is illegal, or is not embraced within the title hereof, or is not related to the subject expressed in the title, the remaining provisions hereof shall not be thereby affected but shall have full force and operation.

SECTION 13. The Grantee shall pay the Municipality the cost of publishing this Ordinance according to law and also the cost of holding a special election for the approval or disapproval by the qualified electors of the Municipality of this Ordinance.

SECTION 14. This franchise is in lieu of and supersedes a franchise previously granted to Grantee by the Municipality, which upon the Effective Date of this Ordinance shall, by mutual consent of the parties hereto, no longer be in force and effect.

SECTION 15. Grantee and Municipality mutually acknowledge that in the event the Regulatory Authority, or any court of law, tribunal, regulatory authority or other body with authority to alter Grantee's rates for electric service, rejects, limits, or otherwise modifies Grantee's payments provided for under this Ordinance, or otherwise, directly or indirectly, disallows Grantee's recovery through rates of all or any portion of this Ordinance's prescribed fees, Grantee's fees provided for in Section 1 shall, without amendment to this Ordinance, be modified to the amount allowed for recovery by the Regulatory Authority, but the Franchised Activities granted by this Ordinance shall remain unchanged in any manner whatsoever. Further, Grantee reserves the right to collect the franchise fees hereunder from the Inhabitants of the Municipality in any manner satisfactory to Grantee, provided that Grantee provides advance written notice of the same to the Municipality. In the event of such modification, either party may terminate this Ordinance upon giving the other party thirty (30) days written notice and upon such termination, the Grantee's and Municipality's rights and obligations under this Ordinance shall cease. Notwithstanding the termination of this Ordinance by either party pursuant to this Section 15, the provision of any services contemplated as an Ancillary Use and any fees applicable to such Ancillary Use shall be governed by the Municipality's other ordinances, franchises, and/or agreements applicable to such use.

SECTION 16. This Ordinance shall not become effective until it is duly passed by the Governing Body, published as required by law, and approved by a majority vote of qualified electors of the Municipality voting thereon at a special election duly called and held as required by law ("Effective Date"). The within and foregoing Ordinance, having been introduced in writing at a regular meeting of the aforesaid Governing Body of the Municipality and having thereafter remained on file with the Clerk for public inspection for a period of at least two weeks before the final passage or adoption thereof, was considered by sections at a public meeting of the said Governing Body in the form in which it was introduced and upon motion of Councilman Smith, duly seconded by Councilman Knoblock, that it be adopted, a final yeay and may vote was taken, which resulted as follows:

After being reduced to writing, the foregoing Ordinance 647-07-2020 was read and considered, section by section, and then as a whole, whereupon Council Member Smith moved for its adoption, and after a second by Council Member Knoblock, the following roll call vote was had:

Council Member Doug Seal

YEA

Council Member Gene Hoffman

YEA

Council Member Jeffrey Reed

YEA

Council Member Larry Smith

YEA

Council Member Buddy Zimmerman

YEA

Council Member Josh DeSalvo

Passed by the City Council of the City of Bay Saint Louis on the 7 day of July, 2020.

07/15/20, 07/22/20, 07/29/20

• VOTE

Continued from Page 1

ing level will remain the same for the next 25 years, and voting “yes” will not cause electricity rates to increase. However, city leaders said, “the city will receive less money from Mississippi Power if citizens vote ‘no.’”

Regardless of the outcome of the vote, it will not change the power provider where you live, since that is regulated by the Mississippi Public Service Commission, not the city of Bay St. Louis, according to the statement.

Absentee voting for the special election began July 20 and continues through this Saturday, Aug. 1, at the Office of the City Clerk at Bay St. Louis City Hall, located at 688 Hwy. 90. Through the week, absentee voters may cast their ballots from 8 a.m.-5 p.m.; and from 8 a.m.-noon on Saturday.

The deadline for voting in person by absentee ballot is noon on Saturday. The deadline for absentee voting by mail is 5 p.m. on Monday, Aug. 3.

City officials “strongly recommend” wearing masks when voting.

On Tuesday, Aug. 4, the polls will be open from 7 a.m.-7 p.m. at the following locations:

Ward One
Bay High School
750 Blue Meadow Road

Ward Two
Bay St. Louis Library
312 Highway 90

Ward Three
Senior Citizen Center

State's total number of COVID-19 cases now at more than 54,000; with 291 cases in Hancock County

SEA COAST ECHO

The Mississippi State Department of Health (MSDH) on Tuesday reported 1,342 new cases of COVID-19 cases in the state -- including 14 in Hancock County -- and 42 new deaths, two of which occurred between June 3 and July 27, and were identified from death certificates.

"Mississippi's total of COVID-19 cases for the year now stands at 54,299, with 1,543 deaths," according to the MSDH statement Tuesday. "Today's cases included 26 among residents in long-term care facilities, and 15 resident deaths. Active outbreaks of COVID-19 in long-term care facilities have risen to 192 (where an outbreak is one or more cases among residents or staff).

"Currently there are 969 Mississippians hospitalized with confirmed COVID-19 infection, and 215 more with suspected COVID-19."

The agency reported 653 cases and six deaths on Monday; 1,207 cases

and 15 deaths on Sunday; and 1,434 new cases and 17 new deaths on Saturday.

As of Tuesday, a total of 291 cases of the novel coronavirus and 14 deaths had been reported in Hancock County, including eight cases and four deaths in long-term care facilities.

Forty-four new cases and one new death were reported in Harrison County on Tuesday, bringing the totals there to 1,868 cases of the virus and 27 deaths, including 120 cases and 13 deaths in long-term care facilities.

Thirteen new cases and one new death were reported in Pearl River County on Tuesday, bringing the totals to 444 cases and 35 deaths, including 53 cases and 14 deaths in long-term care facilities.

MSDH estimates that, as of Sunday, 35,071 Mississippians have recovered from the virus.

As of 6 p.m. on Monday, 448,475 tests had been performed by the MSDH Public Health Laboratory and other healthcare providers

statewide.

MSDH attributed the spread to a lack of social distancing and other precautions that have been used since the pandemic began.

"COVID-19 is spreading in the state through gatherings of more than a few people without strictly observing safety precautions," according to the statement. "When a group is together for hours rather than minutes, the chances of disease transmission rise even higher. "Distance is a powerful tool against COVID-19, but — like face coverings and handwashing — it works only if we use it consistently."

Anyone with symptoms of fever, severe cough or severe chest pains — especially those who are older or in poor health — should make arrangements for testing with their doctor or one of the many healthcare providers now performing testing. Healthcare providers can assess your health history and symptoms, and perform testing for COVID-19 as needed.

PUBLIC NOTICE

NOTICE OF SPECIAL ELECTION OF ELECTRIC FRANCHISE MUNICIPALITY OF BAY ST. LOUIS, MISSISSIPPI

Notice is hereby given to the qualified electors of the Municipality of Bay St. Louis, Mississippi, that a special election shall be held in the Municipality of Bay St. Louis, on the 4th day of August, 2020, on the following proposition:

PROPOSITION

Do you approve or disapprove the action of the City Council of the Municipality of Bay St. Louis, Mississippi, in adopting an ordinance entitled, "AN ORDINANCE GRANTING A NON-EXCLUSIVE ELECTRIC FRANCHISE TO MISSISSIPPI POWER COMPANY, ITS SUCCESSORS, AND ASSIGNS, IN THE MUNICIPALITY OF BAY ST. LOUIS, MISSISSIPPI," whereby an electric franchise was granted to Mississippi Power Company, its successors, and assigns, as per the terms of said ordinance which was adopted by the City Council on the 7th day of July, 2020.

Said election will be held at the usual voting places in all precincts of the Municipality of Bay St. Louis.

Said polling places will be open from the hour of seven o'clock a.m. until the hour of seven o'clock p.m. on said day. All qualified electors may vote at said election.

Said special election will be held pursuant to a Resolution of the City Council, adopted on the 7th day of July, 2020, calling a special election for the approval or disapproval of a majority of the qualified electors of the Municipality of Bay St. Louis, Mississippi, of the action of the City Council in adopting an ordinance entitled, "AN ORDINANCE GRANTING A NON-EXCLUSIVE ELECTRIC FRANCHISE TO MISSISSIPPI POWER COMPANY, ITS SUCCESSORS, AND ASSIGNS, IN THE MUNICIPALITY OF BAY ST. LOUIS, MISSISSIPPI."

A copy of said ordinance and proceedings whereby same was adopted is attached hereto as part of this notice located in the legal section of this paper.

Done by order of the City Council, this the 7th day of July, 2020.

Sissy Gonzales
City Clerk, Municipality of Bay St. Louis, Mississippi

CLOSE TO PERFECT

I Don't think you can ever achieve perfection, but that doesn't mean shouldn't strive for it. We had a multi day/night trip to the Cat Island house recently, that was very close to what I consider perfect. It probably didn't hurt that we had a doctor and preacher along for insurance.

We were able to keep our live bait alive in the hot summer weather. Chef Chris had the meals timed perfectly with our arrivals and departures. My favorite part of the trip was easy going attitude of our crew.

Shore Thing Fishing Report

By Cpt. Sonny Schindler
We did everything, in the several days we were out there. We fished a Good bit, played on

the beaches, paddles in kayaks, did fish prints, and fished a little bit more. If the weather was sketchy, or someone got hot or hungry, we went back to the house. When the fishing was good, we stayed a little later. Heck we somehow managed to have a young ladies 80th birthday party one night! One of the highlights of the trip had to be watching a Methodist Preacher reel in a 24 1/2 inch trout on her "last cast" before a big storm got over us. We made it back to the house minutes before the bottom fell out. It was

a lot of this crews first, biggest, and or most fish ever caught. The excitement during these types of trips is infectious.

There is a lot of stuff goin on in the world, state, and community these days(on and off the water). A lot of things can easily be overcome with a little empathy, positivity, and some good ole common sense. I'm not saying we are going to get things perfect, but there is absolutely NO reason we can't strive for it.

As always, have fun and be safe.

• WAVELAND Continued from Page 2

a server room AC unit at city hall.

The third option is add streetlights. The scope of work includes LED conversion of 201 city-owned streetlights; refurbish and reinstall eight city-owned streetlights; and removal of 33 redundant leased streetlights.

The total upfront cost for all three options is \$644,520. The annual projected savings in energy costs for all three projects is about \$60,253, with a projected cumulative payback of 10.7 years, according to PATH's project breakdown.

PATH co-founder Nathan Wells spoke to the board on Wednesday and said that the monthly savings would be about \$5,021 on the total project.

The board went on to discuss how the city would pay for the project with either a one-time payment or financing.

Waveland comptroller Ron Duckworth said he suggests the city pay cash for the project.

"You're not going to get ten percent rate of return on that kind of money anywhere," he said. "Savings of \$60,000 on an investment of \$644,000."

Alderman Jeremy Burke said that he didn't think financing is the best option and paying cash would be the better option.

"Paying for this project with reserves, it's not going to affect our bottom line all too much," Burke said. "I'd rather just move forward with this project."

Wells said if the city chose to finance, he suggested a ten-year finance plan.

"Here's what we find when we do these projects," he said. "You're going to know within the first two years whether or not you're meeting the savings numbers that we're guaranteeing."

Wells added that if the city doesn't see the savings, PATH will "pick up the shortfall of what we promised you."

"We've never missed a number," Wells said.

The contract with PATH also includes a savings guarantee, he said, and the numbers also include "no change order pricing."

"When we say we're going to fix it, we're going to fix and fix it for that price," Wells said.

Aldermen Shane LaFontaine said that he agreed with Burke and that the city is not "running a city to stockpile money."

"We are running a city to do projects and things like that," LaFontaine said. "I agree completely with him (Burke) but we also have to act fiscally responsible as well."

Alderman Bobby Richardson said he agrees with the board members.

"I think we do need to get with Ron and get some numbers," he said. "I try to be tight with

money. I don't want to spend \$700,000 of our citizens' money."

Alderman Charles Piazza said that the civic center is "pretty serious," as it is one of "Waveland's oldest buildings," and he would like to see the air conditioning repaired in the building.

The board decided to instruct Duckworth to compile several different scenarios to determine the breakdown of savings of paying cash versus financing.

City attorney Malcolm Jones said that it is a "unique contract," and that he would also need more time to structure the contract.

"Normally, if we were going to go out and have somebody install equipment and provide services for this level, we would have to advertise and do the lowest and best bid," he said.

Jones said he is seeking advice on the matter.

"The other part is that, typically, when you have an agreement that goes past the end of the term of office, it's not binding on the successor administration except for limited things like solid waste contracts," he said.

Wells said the MS code section 31-7-14 provides for "energy services contract."

"You have bid this out," he said. "You bid this out when you did this months and months ago when you chose PATH to be your energy services provider. Under the law, it lays out how the process works."

The board took no official action on the matter.

action on the matter.

In a separate matter, after an executive session to discuss "potential litigation," the board unanimously voted to once again table the resolution calling for a special election to be held in Waveland on Aug. 4 in relation to an ordinance granting non-exclusive elective franchise to Mississippi Power Company, its successors, and assign a franchise in the city. The current draft order states that Mississippi Power has requested a 25-year franchise ordinance which would provide a three percent payment of Mississippi Power's total revenue from retail sales of electric energy within Waveland or \$300 per annum.

The board also tabled the matter at the July 7 meeting, stating that the city did not have enough information from Mississippi Power to vote on a franchise agreement.

In other action:

The board spread on the minutes an asbestos report submitted by Covington Civil and Environmental for the blighted property located at 467 Hwy. 90, the former Travel Express Inn. No asbestos was detected, which means that the project doesn't require a special asbestos contractor, city attorney Malcolm Jones said. The city is expected to award the bid for demolition at the Aug. 4 meeting.

The next meeting is scheduled for Aug. 4 at 6:30 p.m.

MEET FAWN, a stunningly beautiful, 2 year old Rhodesian Ridgeback mix with a most calm natured, sweet personality. Her eyes are the most engaging burnished gold color, and her fawn colored coat has the distinctive ridge of backward flowing fur unique to the breed. Isn't she gorgeous?! While Fawn is a large, well muscled gal, her temperament couldn't be more gentle and welcoming. She is friendly with the other dogs in her living area, and even has made a best friend there. Like all of us, he is quite smitten with Fawn! This sweet girl would be a wonderful companion for a single person, couple, or family with older children. She does walk well on a leash and harness, and we believe she may be house trained. Fawn appears to have been an indoor family companion because, after a brief walk, she is ready come indoors to rest in the A/C, and to enjoy a treat or two. If you would like to add Fawn to your family, please call our front desk at 228-466-4516 to schedule a meet-n-greet. (Please bring your existing family dog(s) to the visit to ensure compatibility.) Also visit our Facebook page, Hancock County Animal Shelter, MS, to see more pictures of Fawn and of the many other wonderful, adoptable animals looking for their forever homes.

THE BENEFITS OF A NEW APPROACH TO LEARNING FOR STUDENTS

The validity of the adage “necessity is the mother of invention” was on full display during the COVID-19 outbreak. People quickly had to learn to adapt to a new way of life, including an educational system that was transformed dramatically by social distancing guidelines.

More than 76 million students are enrolled in United States schools, per the latest Census Bureau information. In 2018, 2.12 million students were in Canadian postsecondary institutions alone. In a matter of days, millions of students who once attended classes in-person were forced to transition to virtual learning instruction. The process showed just how flexible learning systems can be, and how virtual instruction may become more than an emergency

protocol in the future. Schools utilized systems like Google Classroom, Canvas and virtual meeting apps to connect and learn. While in-class lessons provide the socialization and one-on-one interaction that can be vital for students’ academic success, there are many different reasons why virtual instruction can be a key component of learning models as well. When virtual learning is used in conjunction with traditional teaching, students may have a more well-rounded experience. Here are some potential benefits that may unfold as more data is collected.

· **Pace:** Virtual learning affords students the chance to work on lessons at a pace that fits their individual needs. Students can go back and re-read or re-work

problems until they’re satisfied they have learned their lesson. Lessons can be slowed down or sped up depending on proficiency, creating a customized educational experience.

· **No more weather days.** Many school districts include snow or extreme weather days into their calendars, adding on extra days at the end of school year to meet the specified number of educational days. Remote learning can take over in these times and keep school districts from having to pad calendars.

· **Convenience:** The American Academy of Pediatrics recommends that middle and high schools start at 8:30 a.m. or later to provide students the best chance to get the amount of sleep they need. Still, most adolescents currently start

school before 8:30 a.m. Remote learning enables students to complete their assignments when it works best for them. This may help them get more sleep, too.

· **Apps:** Learning apps are a new wave of educational tools that have helped buoy virtual instruction. Primary school students or those with individual education plans may benefit the most from reinforced app skills that match their learning pace in fun ways.

Virtual home instruction may become a large part of the educational landscape even after it’s no longer a social distancing necessity. BS208043

HOW TO PREPARE KIDS TO GO BACK TO SCHOOL

The end of summer can be a bittersweet time for students. While many students look forward to seeing their friends, few want to say goodbye to the relaxing days of summer.

Parents know that getting their children back in the school day swing of things can be a challenge. The following are some ways to make that transition go smoothly.

· **Introduce more structure** as summer vacation winds down. The chance to unwind in a structure-free setting can benefit students at the onset of summer vacation. Many parents grapple with the notion that their children’s lives are overscheduled, and the Cleveland Clinic notes that limiting organized activities clears up down time for kids to play and relax and spend time with their families. So it’s important that parents afford their children this down time during summer vacation, only gradu-

ally introducing more structure as the school year draws closer. In the weeks before the school year is slated to begin, start waking kids up a little earlier and reintroducing bedtimes for younger children who may have been staying up later over the last couple of months. This can be an effective way to begin slowly preparing youngsters for the structure of the school year.

· **Encourage children** to read throughout the summer. A report from the education publishing company Scholastic found that 47 percent of parents are unaware of the “summer slide,” which refers to the loss of academic skills that occurs when school is not in session. Scholastic notes that the slide is largely attributed to a lack of reading when school is not in session. By encouraging kids to read during their summer vacations, parents can make sure youngsters’ brains stay sharp and are ready to

learn once the school year begins.

· **Focus on the positive.** Even kids who love school may be apprehensive about returning to the classroom. After all, summer vacation is fun. Parents can confront that apprehension by focusing on the positives of returning to school. Emphasize the chance to see friends every day or participate in a beloved extracurricular activity, like sports, band or a favorite academic club.

· **Let kids do some of their own back-to-school shopping.** The items that constitute back to school supplies may have changed since parents were in school. But many parents still take their children on back-to-school clothes shopping excursions. Let kids choose their own clothes, as an opportunity to wear clothes they picked themselves might make them excited for the new school year.

Parents can take various steps to make the transition back to school a successful one for their young students. BS208052
